

Belrose Public School

P&C Association

11th February, 2009

Dear Parents

I am writing on behalf of Belrose Public School P&C to request your assistance and support for our fundraising activities. With the help of you and the local community we are hoping to raise funds for a number of projects. The School and P&C priorities for this year's funding are; school books and resources as requested Mrs. Cohen, a fence around the new basketball court to protect it from vandalism, improvements to the school hall including new blinds and PA system, grounds works including improvements and maintenance of the gardens and security upgrades. One of the largest and most significant projects will, however, be one that will be implemented over two years. It is an investment that will provide the school with a significant step forward in technology. The aim is to build a dedicated computer room fitted with all the latest equipment and to provide a large number of the school classrooms with interactive white boards. The cost of this project alone could be well in excess of \$100,000. This is obviously an extremely ambitious target but with your help we hope to commence the journey towards this goal.

You can help in a number of ways...

1. Through payment of your P&C fees on your school account
2. Volunteering to become a member or leader of your year/ total school fundraising team on the attached form or at the parent teacher night.
3. Assist in sourcing goods/ services that can be used in fundraising activities such as raffles/ silent auctions.
4. Provide your details to a parent directory that can be used to provide contacts for quotes/ services to assist the school.
5. Assist when called upon by your class parent to sell raffles tickets or man stalls.
6. When approached take part in market research that will raise funds for the school

We really appreciate your help and hope that together we can provide some excellent resources to the school for all our children to benefit from.
